Certificate of Ownership

This website has been forged in WordPress and enchanted with the finest pixels and plugins. You are now free to blog, build, banter, or bamboozle—with complete admin rights. Welcome to the digital aristocracy!

Access Credentials

Here are your access credentials to the admin dashboard for most website configurations. You could use either your username/email and password for login.

- **Website URL:** <https://www.cchillaxx.com>
- **Admin Panel:** <https://www.cchillaxx.com/wp-admin>
- **Username:** mngone
- **Password:** {mg0n3!#}
- **Email:** mireillengnoe7@gmail.com

Ownership Notes

Bear in mind the following

- Please change your password upon first login (advisable, not required).
- Your domain and hosting are paid for one year.
- Support from your favorite gifter is available 24/7 (within reason).
- You are free to redesign, rename, or redirect the site.
- The domain name chillax.com wasn't available, so I took the next best reasonable alternative. Hence the name with the double 'c' and 'x'.

Final Words

May your new site bring joy, creativity, and digital mischief. Here's to your journey as a proud website owner!

This is my practice for the company shares as a gift.

- A happy birthday page has been built for you.
 - **URL:** <https://www.cchillaxx.com/happy-birthday>
 - **Notes:** This page can be taken down whenever, if we do not want to have our stuff just out there.
- Attached is another certificate, the proves your credentials as a CERTIFIED BADDIE. Because why not.
